

Pradeep (CHENNAI)

Pradeep sees a job on Github for “Ruby Developer” in Intercom.

He googles “Intercom”, checks “Cork” on Wikipedia & emails friends in Ireland & UK.

After applying, he does a first interview via Skype & is then invited for a face-to-face interview in Cork.

After he returns home, he is offered the job - & accepts.

Intercom (CORK)

Intercom™

Registers with
immigration

Done

Done

Done

Final
hurdle

DISCOVER

Inform & prompt/remind Pradeep that he needs to register (& why) - & what he can expect

ENGAGE

Help Pradeep to register (via a minimally complex system) with predictable processes, logistics, costs - & outcomes

MANAGE

Provide Pradeep with a roadmap for ongoing compliance, changes (if needed) - & a means for help/recovery

Example, GNIB card helps with opening a bank account & other “life-in-Ireland” stuff

Registration 101

- “It’s the law”
- Benefits of doing
- Penalties of not

Changes & updates

- Announcements etc

Detail & policy

- Conditions
- Law & regulations

Include translation feature & email address for website

Dublin =
Online appointments
Elsewhere =
Online office finder

Who & what

- 1st time
- Renew
- Change
- Other

How & when

- Process
- Logistics
- Costs

Detail & policy

- Conditions
- Law & regulations
- Stamps explained

Are you ...
- Working? - Family?
- Student? - Other?
OK, here’s what you need to do...

What to expect when you visit the office...
Fingerprints, interview, photos, duration, etc

Application outcome

- Success vs. failure
- Letter of appeal?

Your-life-in-Ireland

- “Success. CU next year!”
- “5+ years. Long term residence?”
- “If your life changes...”

Support & help

- Lost card
- Other difficulties

Use Service Design principles to support journey? Push & Pull.

Use many channels to ensure Pradeep cannot fail at final hurdle.
